No Pride in Genocide

SAFETY FIRST

Please DO NOT boycott TEVA if it would involve stopping your medications

Teva Pharmaceuticals is the **LARGEST** generic drug manufacturer in the world and the largest company in "Israel" by revenue.

Teva bankrolls Israel's apartheid and genocide of Palestinians and is complicit in the U.S. Opioid epidemic.

Since Teva is primarily a generic (off-brand) drug manufacturer

Almost all their medications have alternatives available at the same cost.

Step 1: Call your pharmacy.

Step 2: Say no to Teva.

You can request your medication from a different manufacturer instead!

Example Script:

"I prefer not to take Teva medications [optional: due to their complicity in the genocide of Palestinians and/or unethical business practices]. Could you please add a note to my chart saying 'No Teva medications, unless there is no similarly priced equivalent'?"
